## Information about the service

### Offers and promotions

Special promotional offers relating to your plan (if any) are not shown in this Critical Information Summary. To check your plan details including any applicable offers, please contact TPG Telecom Customer Care or visit the Customer Portal.

### Bundling

You don't have to bundle this service.

### Phone

Bring your own phone or speak to us or check out our website to find out which phones you can purchase from us outright or on a Mobile Payment Plan over 12, 24 or 36 months.

### Data usage

Your data inclusions may only be used in Australia on the Vodafone network or when roaming overseas in Eligible Countries on the \$5 Roaming Service. When you exhaust your Max Speed Data Allowance (if any), your data will be slowed to up to 2Mbps or up to 10Mbps depending on your plan. You will not be charged additional fees when you exceed your Max Speed Data Allowance unless you are using \$5 Roaming in Eligible Countries.

### Data and international minutes sharing

Data inclusions and international minute inclusions for all Business First Voice Plans (other than Unlimited Max Speed Data Plans) that you purchase under the same account will be pooled and used by each user on a first-in-first-serve basis. If you have also purchased certain Business First Mobile Broadband Plans on same account, the data inclusions under those plans will also be added to this data pool. Data and international minute sharing is only available in Australia or when on \$5 Roaming in Eligible Countries.

### Data Add-ons and Data Boosters

You can add a Business First Data Add-on to your plan, which will bill monthly and remain active until cancelled. The data will be added to the pool of data available for all Business First services on the specified billing account. You may also purchase one-off Data Boosters as offered by TPG Telecom from time to time, which expire at the end of the relevant Data Booster period. All unused data inclusions will be forfeited at the end of each month.

### International (IDD) minutes

The international minutes are only available for use within Australia and in \$5 Roaming Eligible Countries, and can only be used to make standard international voice calls to the selected countries listed at [www.tpgtelecom.com.au/business-solutions/mobility](http://www.tpgtelecom.com.au/business-solutions/mobility). You can also purchase Business First IDD Add-ons to increase the international minute inclusion on your plan, which will be billed monthly and remain active until cancelled. These international minutes will be available for all Business First services on your account.

### Discount threshold

If you reach the discount threshold as noted in the table below, discounts will be applied to each plan's monthly minimum spend. All Business First Voice Plans and Business First Mobile Broadband Plans you have purchased on the same account will count towards the discount threshold, other than \$5 Business First Mobile Broadband Plans.

Discount Threshold (No. of plans)	Discount
1 to 50 plans	0%
51 to 200 plans	5%
201+ plans	15%

## Other information

<b>Usage</b>	You can keep track of your call and data usage and make changes to your account through the Customer Portal or by contacting TPG Telecom Customer Care.
<b>Roaming</b>	\$5 Roaming is pre-activated on Business First Voice Plans. This will allow you to use your plan inclusions (other than international call minutes) for an extra \$5 per day, per device, in Eligible Countries, as listed at <a href="http://vodafone.com.au/roaming">vodafone.com.au/roaming</a> . If you use your service in a country which is not an Eligible Country, or if you have opted out of \$5 Roaming, you will be charged our Pay-As-You-Go Rates. All roaming costs are in addition to your minimum monthly spend. You can deactivate \$5 Roaming (or Roaming altogether) at any time, or check your roaming usage, via the Customer Portal.
<b>Premium Services</b>	As a default, Premium Services (e.g. calling to enter a competition) are enabled on your account, and will incur additional costs on top of your monthly plan charge. Before using a Premium Service, always check the costs associated with this service. To opt-out or make a complaint, please contact TPG Telecom Customer Care. There is no charge to opt-out.
<b>Bill</b>	You will receive your bill free via email, and you can access it at any time through the Customer Portal. For customers on shared plans, only the account holder will receive a bill. This bill will show the total for all the shared plans, and details individual plans.
<b>Coverage</b>	The quality and availability of some services and the speeds you reach will continually vary depending on many factors such as your location, your device capabilities, network congestion, network coverage, environmental factors, if you are roaming or if you are a heavy data user. For more info, head to <a href="http://tpgtelecom.com.au/business-solutions/mobility">tpgtelecom.com.au/business-solutions/mobility</a>
<b>Broadband Education Package</b>	To better understand broadband technologies and the factors that can influence the performance of your broadband service, you can visit the Communications Alliance Broadband Education Package website at <a href="http://www.commsalliance.com.au/BEP">www.commsalliance.com.au/BEP</a> .
<b>We're here to help</b>	Please contact TPG Telecom Customer Care or your Account Manager. If, after speaking with us, you aren't happy with the outcome and you are a small business you may also contact the Telecommunications Industry Ombudsman on 1800 062 058, or head to <a href="http://tio.com.au">tio.com.au</a> .

To view the full terms and conditions for this plan, please see the Business First Product Terms and the TPG Network Terms and Conditions on the TPG Telecom Website. TPG's [Acceptable Use Policy](#) applies to any unreasonable use of plan inclusions.
